to your outdoor
watering, cleaning
and leisure time.

yunigo™ freedom

Your complete
hose reel system

yunigo™ freedom

Thank you for choosing Yunigo premium garden hose reel.

Engineered for convenience and durability, this reel is designed to be effortlessly portable, allowing you to take it wherever watering is needed.

Its sturdy base with stable feet ensures it stays securely in place during use, while the included wall-mount hooks make it easy to store neatly when you want, keeping your garden organized.

Built to last and designed with care, your hose reel is the perfect addition to your gardening routine.

Hose Technologies

Yunigo Freedom System

Yunigo Essence

Designed with precision and crafted from the highest quality materials, this hose is engineered to provide hassle-free performance for years to come.

Its kink proof technology ensures uninterrupted watering, while its smooth, abrasion-resistant surface glides effortlessly over grass, gravel, and other surfaces.

The package includes a 100 ft Yunigo Essence hose and a 10 ft leader hose with quick connect.

You can trust this hose to deliver reliability and excellence every time you use it.

Spray nozzle

The sleek and versatile multiJet garden nozzle, designed for both style and performance.

Featuring 4 adjustable jet types—shower, jet, mist, and cone—it adapts to all your watering needs.

The ergonomic soft-grip handle with textured surface ensures a secure, comfortable hold, while the flow control lever allows effortless water adjustment and shutoff.

Built with a durable metal connector, this nozzle combines reliability with elegant design. Perfect for every garden!

Yunigo Freedom System

Hose reel

Crafted entirely from durable metal with an elegant finish, the reel combines strength and style.

The solid rewinding handle features a comfortable, textured grip for smooth and easy operation.

It comes with wall brackets.

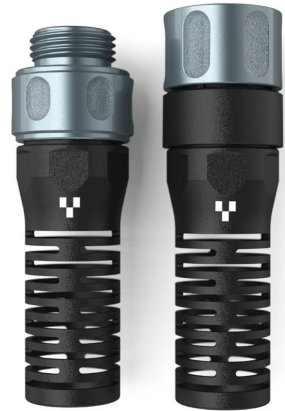

Couplings

Anodized aluminium and crush-proof design makes the couplings corrosion resistant and very strong. High water flow.

As part of the Yunigo commitment to sustainability, the hose is supplied with removable, reusable couplings.

If the hose is damaged, the couplings is simply removed using a ½" hex-key and a pair of adjustable pliers and is easily reattached once the damaged hose is removed, extending the life of the hose.

TAKE CARE AND MAINTENANCE	
Yunigo Freedom is intended for outdoor watering applications only.	Not to be used with hot water.
Do not leave under pressure when not in use.	Do not leave children unattended with Yunigo Freedom.
Do not leave outside in freezing temperatures.	Store indoors during winter/colder months.
Coupling protection: to avoid any kind of corrosion causing fusion between faucet and coupling hose, we suggest disconnecting and reconnecting the hose from any metal spigot at least 3 times per year.
