

# cutter fitt agix

---

## CUTTER FITT AGIX

---

---

## FEATURES

---

The patented FITT Agix® cutter is designed specifically for cutting corrugated hoses, and allows for a quick, precise and safe result. The end of the tube is thus ready for clean assembly without risk of air leakage.

- Patented tool for cutting pipes both d.75 and d.90 mm. **One tool for all installations;**
- Constructed of shockproof ABS. **Lightweight and durable;**
- Ergonomic handle and blade safety cover. **Comfortable and safe use.**
